

"LABOR AND LIFE IN THE SHADE"

YOUTH ART COMPETITION

WELCOME ALL MIDDLE SCHOOL, HIGH SCHOOL, AND COLLEGE LEVEL STUDENTS

A New England Humanities Consortium Program: University of Connecticut, Amherst College, Dartmouth College, Smith College

We live in the heart of the Tobacco Valley. We are surrounded by these plantations, but we rarely stop to consider how this agricultural industry has shaped our lives. Use your creativity to help us tell the story of Connecticut River Valley's labor history and how you relate to our region's tobacco farms and the people who work there.
